Sexual Assault Nurse Examiner

The Sexual Assault Nurse Examiner (SANE) is a registered nurse who has been specially trained to care for the complex issues surrounding victims of sexual assault.

The purpose of this training is to teach interested RNs how to better care for their patients by providing support, collecting and preserving evidence, interviewing victims and linking them to vital community resources for follow-up.

Course Description

This 40-hour didactic course is geared toward the Registered Nurse, but is informative for physicians, law enforcement officers, prosecutors and victim advocates.

It is designed to provide a comprehensive educational program in the complete assessment, evaluation and treatment of the adult sexual assault patient.

Upon completion of the 40-hour didactic training, there is a post-training clinical requirement that must be completed according to the nurse's scope of practice and guidelines of the training course.

RNs MUST attend ALL five days of the training to receive completion of the didactic portion of the training and the 40 contact hours.

This course meets the educational guidelines of the IAFN.

Linda Ledray, RN, SANE-A, PHD, FANN

Dr. Linda E. Ledray is the founder and director of the Minneapolis, Minnesota-based Sexual Assault Resource Service (SARS), one of the first Sexual Assault Nurse Examiner (SANE) programs, which she developed in 1977. SARS provides competent forensic-medical services to sexual assault survivors at seven hospital sites in Hennepin County, Minnesota.

She has personally assisted with the implementation and development of SANE programs across the U.S. and in numerous other countries. Dr. Ledray convened the first meeting of SANEs in Minneapolis in 1992, which resulted in the founding of the International Association of Forensic Nurses (IAFN). She is on the IAFN Certification Board and is an Editorial Board member for the Journal of Forensic Nursing, the official journal of the IAFN.

Dr. Ledray received a Bachelor of Science degree in Nursing and a Master's Degree in Community/Mental Health Nursing, both from the University of Washington. She earned a Master's Degree in Psychology and a Ph.D. in Clinical Psychology and Personality Research from the University of Minnesota.
